

Neurocrine Biosciences To Present At The Morgan Stanley Global Healthcare Conference

September 3, 2013

Live Audio Webcast Tuesday, September 10, 2013

SAN DIEGO, Sept. 3, 2013 /PRNewswire/ -- Neurocrine Biosciences, Inc. (Nasdaq: NBIX) announced today that Kevin Gorman, President and Chief Executive Officer of Neurocrine Biosciences, will be presenting at the Morgan Stanley Global Healthcare Conference in New York.

The live presentation takes place on Tuesday, September 10 at 3:30 p.m. Eastern Time / 12:30 p.m. Pacific Time. The presentation will be webcast and may be accessed on the Company's website at <http://www.neurocrine.com>.

If you are unable to attend the webcast and would like further information on this announcement please contact Investor Relations at Neurocrine Biosciences at (858) 617-7600 or ir@neurocrine.com. Viewers are encouraged to visit the website approximately 5 minutes prior to the presentation to download or install any necessary software. A replay of the presentation will be available approximately one hour after the conclusion of the live event and will be archived on the website for one month.

Neurocrine Biosciences, Inc. is a clinical stage drug discovery company primarily focused on neurological and endocrine based diseases and disorders. The Company discovers and develops innovative pharmaceuticals, in diseases with high unmet medical needs or where the existing drug classes are inadequate, through a disciplined yet entrepreneurial process. Utilizing a portfolio approach to drug discovery, Neurocrine has multiple small molecule drug candidates at various stages of pharmaceutical development. Neurocrine's two lead late stage clinical programs are elagolix, a GnRH antagonist for women's health that is partnered with AbbVie Inc., and a wholly owned VMAT2 inhibitor for the treatment of movement disorders. Neurocrine Biosciences, Inc. news releases are available through the Company's website via the internet at <http://www.neurocrine.com>.
