

Neurocrine Biosciences To Present At Deutsche Bank 2013 Biofest And The 25th Annual Piper Jaffray Healthcare Conference

November 26, 2013

Live Audio Webcasts will be on December 3rd and 4th, 2013

SAN DIEGO, Nov. 26, 2013 /PRNewswire/ -- Neurocrine Biosciences, Inc. (Nasdaq: NBIX) announced today that Kevin Gorman, President and Chief Executive Officer of Neurocrine Biosciences, will be presenting at two investor conferences next week.

On December 3 at 2:15pm Eastern Time (11:15am Pacific Time) he will make a presentation at the Deutsche Bank 2013 Biofest in Boston.

On December 4 at 11:30am Eastern Time (8:30am Pacific Time) he will make a presentation at the 25th Annual Piper Jaffray Healthcare Conference in New York City.

Both webcasts may be accessed live on the Company's website at <http://www.neurocrine.com>. Listeners are encouraged to visit the website approximately 5 minutes prior to the presentation to download or install any necessary software. A replay of the presentations will be available on the website approximately one hour after the conclusion of each event and will be archived for one month.

Neurocrine Biosciences, Inc. is a clinical stage drug discovery company primarily focused on neurological and endocrine based diseases and disorders. The Company discovers and develops innovative pharmaceuticals, in diseases with high unmet medical needs or where the existing drug classes are inadequate, through a disciplined yet entrepreneurial process. Utilizing a portfolio approach to drug discovery, Neurocrine has multiple small molecule drug candidates at various stages of pharmaceutical development. Neurocrine's two lead late stage clinical programs are elagolix, a GnRH antagonist for women's health that is partnered with AbbVie Inc., and a wholly owned VMAT2 inhibitor for evolution into a fully-integrated pharmaceutical company. Neurocrine intends to maintain certain commercial rights to its VMAT2 inhibitor for evolution into a fully-integrated pharmaceutical company. Neurocrine Biosciences, Inc. news releases are available through the Company's website via the internet at <http://www.neurocrine.com>.
