

## Neurocrine Biosciences to Present at the 25th Annual Oppenheimer Healthcare Conference

December 4, 2014

**Live Audio Webcast will be on December 10, 2014**

SAN DIEGO, Dec. 4, 2014 /PRNewswire/ -- Neurocrine Biosciences, Inc. (Nasdaq: NBIX) announced today that Kevin Gorman, President and Chief Executive Officer of Neurocrine Biosciences, will be presenting at the 25<sup>th</sup> Annual Oppenheimer Healthcare Conference in New York City.

The live presentation takes place on Wednesday, December 10 at 10:55am ET (7:55am PT). The presentation will be webcast and may be accessed on the Company's website at <http://www.neurocrine.com>.

Listeners are encouraged to visit the website approximately 5 minutes prior to the presentation to download or install any necessary software. A replay of the presentation will be available on the website approximately one hour after the conclusion of the event and will be archived for one month.

### About Neurocrine Biosciences

Neurocrine Biosciences, Inc. discovers and develops innovative and life-changing pharmaceuticals, in diseases with high unmet medical needs, through its novel R&D platform, focused on neurological and endocrine based diseases and disorders. The Company's two lead late-stage clinical programs are elagolix, a gonadotropin-releasing hormone antagonist for women's health that is partnered with AbbVie Inc., and a wholly owned vesicular monoamine transporter 2 inhibitor for the treatment of movement disorders. Neurocrine intends to maintain certain commercial rights to its VMAT2 inhibitor for evolution into a fully-integrated pharmaceutical company. Neurocrine Biosciences, Inc. news releases are available through the Company's website via the internet at <http://www.neurocrine.com>.
